Denison Alley Access Grant Program

Overview

The Denison Alley Access Grant Program is a 100% non-matching, reimbursement incentive of up to \$2,500 funded by the Denison Development Foundation (DDF) to improve business accessibility via alley doors for businesses on Denison's Main Street between Rusk Avenue and Armstrong Avenue ("Alley Grant Zone"), within the Designing Downtown Denison (D3) Phase Two or Phase Three Construction zones.

Any retail, non-profit, or commercial building/business owner with a building in the Alley Grant Zone is eligible to apply for these essential improvement funds. There are no minimum project value limitations.

The Alley Access improvement scope may include but is not limited to: walkway/pathway flooring, lighting (indoor/outdoor), ADA accessibility, electric, screening/draping, door locks, remote door controls, back door video, painting (indoor), signage, doors, partitions, etc. All work must be permanent improvements to improve alley access. The grant does not cover overall façade improvements to the alley facing wall of the building, which may be eligible for a grant under the Denison Development Alliance's façade grant program.

Limited funding is available; therefore, some applications may not be approved. The building location must be within the D3 Phase Two construction zone (2024-2026) or the projected D3 Phase Three construction zone (2026+) to be approved.

Denison Alley Access Grant Guidelines

- This is a one-time offer that will only be available while funds remain. Again, non-matching funds (100%) will be reimbursed up to \$2,500 per appraisal district building address.
- Grants will be administered on a first come, first served basis dependent upon funding, as follows:
 - The proposals will be reviewed for completeness and evaluated. Proposal responses (including requests for additional information, timelines, denial, award letters, etc.) will be addressed individually.
 - All projects must be completed within six (6) months from the Grant Agreement Date or as otherwise pre-approved in writing and acknowledged by Grantor and Grantee.
 - Only those who own businesses or buildings within the designated Alley Grant Zone are eligible to apply and work must be permanent improvements to improve alley access.
- Building or business owners must apply for the grant before work has begun. Grants will not be awarded for work that has already been initiated.
- An Applicant in receipt of written notice by the City of Denison ("City"), who has outstanding code violation(s), or who is a party to pending litigation with the City is not eligible for a grant until those items are resolved; provided however, nothing herein shall be construed as to disqualify the

applicant for filing notice(s) of appeal of evaluation issued by the Grayson Central Appraisal District on property owned by applicant and situated within the corporate limits of the City.

- If any City violations occur and noticed in writing by the City during the development of the property (or any other property the applicant may own within the city), the City shall give notice in writing of such matter and order remediation of such violation(s). The applicant shall have ten (10) business days from the date of the written notice to correct the violation. Failure to remedy the noted violation within such period shall result in the grant awarded being cancelled and no further payments will be made under such grant.
- Applicant shall provide proof that all property taxes have been paid for current and prior years.
- Applicant business shall provide proof of current membership with the Denison Chamber of Commerce.
- Applicant shall review and sign the Denison Alley Access Grant Indemnity Agreement and acknowledge Applicant's responsibility for work at, in or on the building/business
- Alley Access Project Scope may include indoor/outdoor improvements to enhance the safety, visibility and accessibility of the building/business through the alley entrance.
 - If your project includes more than cosmetic improvements or if it includes signage, please contact City of Denison Building Department about Building Permits and Sign Permits at 903-465-2720 ext. 2459. Information is also available online via www.cityofdenison.com.
 - Only quality signage, to be completed by professional sign makers and/or related professions, will be considered.
- All design plans (e.g., paint color, sign size, colors, shape, material, and proposed placement) must be approved by the Denison Development Foundation and Main Street Department with the City based on the application information submitted in order to receive funds.
- Grants will be paid as reimbursements when the project is completed as agreed upon, and Checklist Step 3 is complete. They are not intended to be a considered as initial sources of funds for project development.
- Payments should be disbursed from DDF within 14 days after final approval is given.
- Applicant (grant recipient) will receive an IRS 1099 from DDF. Applicant will be responsible for any and all taxes due on grant funds received.

D3 Alley Access Grant Application Process and Checklist

Applicant, please complete this checklist. Grant administrators will follow this checklist to make sure proper documentation is completed through each step of the project.

Notice: Grant funds will not be paid until all documentation is received and complete from Applicant including all steps such as close-out documentation, proofs of payment, "after" photos, etc.

Applicant: _____ Address: _____
